# GODDESS SALONS

“Through an understanding of what the Goddess was, we can better understand nature and we can build our ideologies so it will be easier for us to live.” ~ Marija Gimbutas

## HAVE YOU EVER WONDERED...

ABOUT THE BEGINNING OF CIVILIZATION?

WHAT ARE THE ORIGINS OF RELIGION?

IF WAR IS INEVITABLE OR IS PEACE & COOPERATION POSSIBLE?

WHETHER MEN & WOMEN EVER LIVED AS EQUALS?

IS OUR PLANET EARTH ALIVE & SACRED?

**Goddess Salons** are independent study groups who share and discuss issues which arise from watching the documentary *Signs Out of Time* and the associated *Behind the Screen* un-cut interviews with friends, scholars and critics of Gimbutas' research. Belili Productions provides monthly featured guests and corresponding videos, books, recipes and discussion questions to get you started. We also maintain an online message board for posting questions to the guest speakers and the worldwide Goddess Salon community. If you'd like more information, go to [www.belili.org](http://www.belili.org) and click on Goddess Salons. If you'd like to host a salon, please email [salons@belili.org](mailto:salons@belili.org) and we'll gladly send you an information packet.

*Signs Out of Time* explores the life and work of Lithuanian archaeologist Dr. Marija Gimbutas, whose discoveries about “Old Europe” in the neolithic era revolutionized thinking on the origins of civilization.
